ROCHESTER INTERNATIONAL CLUB TRIMS YANKEES, 4-3

Rochester, June 5.—The Rochester International league club defeated the New York Yankees here today, 4 to 3, in an exhibition game. Both hit two flies, grounded to the infield, and drew a pass in four trips to the plate. Both sides had strong pitching. Poor judgment by the Yankee infield enabled Rochester to score two runs in the sixth on one hit. R H E

THE RAIN INTERRUPTED

Stopped Yesterday's Game at End of Third Inning. With Tundilla One Out to Go. — Visitors' Runs Due to Errors Caused by Wet Ball.

Yesterday afternoon Unadilla's representatives of the summer pastime journeyed up the Susquehanna valley to this city for the purpose of repeating their victory of last week, but the outcome of the proposed battle will never be known, for the sky plumed didn't get the leak which caused postponement of the Friday and Saturday games fixed up tightly, and water fell throughout the abbreviated fracas, starting just before game time with a sprinkle and increasing in force until the third inning, at the conclusion of which umpire Leone told the crowd rain checks were in order.

Dabe was the first man to face Thomas, and he coaxed a pass from the pitcher. Gilhooley bunted for a sacrifice, but Thomas failed to field it properly. Splann dropped a neat bait down the third base line, which was out of Thomas' reach long enough for all hands to be safe. Hunter tried to hit it out, but the result was a bounder to Thomas, who threw Dabe out at the plate. Byrnes tried the altruistic effort, the ball going to Thomas, who got Gilhooley at the home base. Sinstack had ample time to get Byrnes at first for a double killing, but the ball was slippery and went skyward into right garden. Byrnes going on to third and the two other runners ahead of him scoring. On the throw in, Thomas, who was near the plate, let the ball go by him, thinking that Sinstack was just behind him and would get it, permitting Byrnes to complete the circuit with no let-up in his running. Floating finished things for the time being by putting the sphere a short distance toward first along the base line. He thought it was a foul and Sinstack tagged him ere he reached the initial cushion.

The Giants had to wait until the second before they got any belt lingers. Bidwell caught a low one for a single to center. Reid, after Snyder had succumbed to Skelley's twisters, singled to left and Sinstack doubled to right, chasing in two runs. Thomas was an easy out. Gray to Byrnes. Gilmore put the ball between center and right, sewing the score in a knot. Purcell got a life when Keating dropped the wet grounder he sent to him. Alexander tried valiantly, but Hunter got under his fly.

There were two down in the first portion of the third when Splann hit a one-base hit to right, and took second on a passed ball. Hunter was walked. Then one of those strange, lucky things that crop up now and then came to the fore. Thomas made a wild pitch which hit the platter and bounded high enough to clear the screen on top of the stand, a ground rule being the only thing that kept a second run from scoring. It was on a par with the freak that happened the last time these teams met, when Byrnes came up and hit the ball way out of the reach of either short or

PROFITEERING MUST STOP, SAYS CALDER

New York Senator Declares Tariff Measure Will Be Passed If For No Other Reason

Washington, June 5.—Tariff legislation will be passed at the present session of congress if for no other reason than to stop "peace profiteering," Senator Calder, Republican of New York, declared today in a statement which he said was in reply to current reports that the pending tariff bill was to be sidetracked in the senate. The country will be shown definitely, he said, that "profiteering of today by importing interests makes war profiteering fade into insignificance."
"The very interests which are today shouting so loudly against tariff legislation," Mr. Calder said, "are the ones which are taking from 100 to 2,000 per cent profits on merchandise purchased abroad and sold to the American consumer. Before the war ended the country will have all the facts and it will then be evident how these reports originate that the tariff bill will not pass."

IZZY AND MOE DO A LITTLE MOTORING

Incidentally Gather Evidence Against 64 "Blind Pigs" and Seize Still

New York, June 5.—Selecting Brooklyn "city of churches," as a promising field for operations on Sunday, Izzy Einstein and Moe Smith, irrepressible prohibition enforcement agents, motored leisurely around the borough from midnight to 5 a. m. and gathered evidence against 64 alleged "blind pigs," including the seizure of three stills in a place conducted by a woman.
It was Brooklyn's most sensational liquor-raiding experience, many of the cafes being among the best known in the borough.
Three of the establishments raided were conducted by women. One in which three stills were seized, prohibition officials said, contained a large quantity of liquor.
Jillulowsky was experienced when they visited a saloon with a billiard parlor attached, crowded with young men, who thought the raiders were bandits. A brief fight followed, which ended when the sleuths showed their badges.

UNCERTAINTY MARKS AN ACTIVE SESSION

Cross Currents' Most Pronounced Among Oils, Steels, Rails and Miscellaneous Stocks

New York, June 5.—Offerings of market leaders frequently exceeded the buying power, on the stock exchange today, these conflicting movements causing considerable uncertainty or unsettlement throughout the active session.

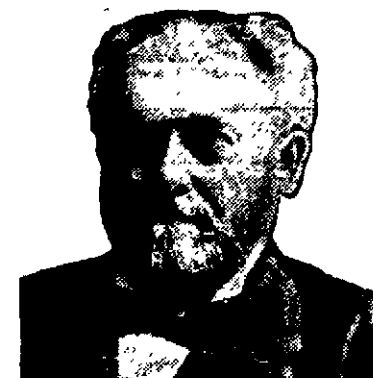

Cross currents were most pronounced among the popular oils, steels, rails and miscellaneous stocks. The Bethlehem early declines of 1 to 4 points in such issues were balanced by gains of like extent, but the forces of reaction were in control of the market's close. Sales amounted to 1,200,000 shares. Incidents over the week-end, notably the publicity given to the promotion phases of the Republic-Midvale-Instant steel merger and the extraneous speculation of pools in comparatively obscure specialties, provoked fresh short selling and liquidation for the long account.

These tendencies became more obvious in the last half of the trading period on news that the federal trade commission had taken steps to prevent the merger of the Bethlehem and Lackawanna steel companies. Rumors then current in the financial district declared that action aiming at the abrogation of other projects of similar character would be taken by the federal authorities.

United States Steel was the one promising feature among leaders, rising to a new high of two years at 115 1/2 before the hour. Foreign or international loans were the conspicuous features of today's bond market. The domestic list displaying much of its recent irregularity, apart from Liberty's, which were relatively steady.

The new high record made by sterling exchange was accompanied by strength in United Kingdom issues and moderate improvement among French, Belgian and Brazilian loans, but Mexican 4c and 5s were reactionary at losses of 1 to 2 points.

A Successful Man

Among the notable professional men of this country who achieved great success along strictly legitimate lines was Dr. H. V. Pierce. Devoting his attention to the specialty of women's diseases, he became a recognized authority in that line.

Over fifty years ago this noted physician gave to the world a prescription which has never been equaled for the weaknesses of women. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Doctor Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening pains, and for the many disorders common to women in all ages of life. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it in both tablet and fluid form.

BRIEF EDITORIAL COMMENT.
It is stated from Washington that President Harding is aroused and is ready to assert his authority as leader. This is as it should be. There are some good men and thoroughly efficient in Congress, like Congressman Clarke of this district, for example, who if they had their way would see something doing every minute until the business of a session which began last December is cleaned up. The history of the present Congress, however, is pretty good evidence it is no self starter, but needs somebody to crank the car and thereafter to stay by the wheel.

France, it is stated, would be willing to cancel a large part of the debt of Germany to her provided the United States and Great Britain would in like manner cancel the debt which she owes to them. This cancellation would, it is clear, mean in the end that the United States, cutting out the intermediate terms of France and England, would be paying the German debt. To do this the people of the United States are not inclined, since the ultimate beneficiary would be Germany.

"Izzy" and "Moe," famous and dreaded Volstead act investigators, dropped down over in Brooklyn Sunday and in the course of the afternoon visited fifty saloons, and summoned fifty owners and 14 bartenders. As the famous pair had no difficulty in making a record, it would appear that there is no difficulty in discovering violations of the law if there is only the will to do it. Incidentally, the raid was made over the head of the chief enforcement agent in Brooklyn, who knew nothing about it until the work was all over.

Lord Northcliffe, who lately finished an incognito tour of Germany, reports in the London Times that he found the prosperity of the Rhineland equal to that of any country in the world. As for that matter, why should it not be? Practically none of the territory was invaded, in marked contrast to devastated France; and up to this time she has succeeded by means of the poverty cry in avoiding payment of any considerable part of the agreed-upon reparation.

After a season of comparative quiet, marred by merely occasional outbreaks of arson and bloodshed, there is reason to believe that trouble is due to break out again in Ireland. The invasion of the Ulster frontier by the Republican forces of the south of Ireland has been followed by the landing of English troops in the north, and there is grave fear that there will be overt and indefensible acts on each side. Everybody will hope for continued peace, but only wise guidance and patience can prevent the torch of war from being relighted.

The police of New York city have at last found that it is a good thing to keep taxicabs out of the hands of ex-convicts, just as the postoffice authorities in the metropolis a short time ago found at the end of a long series of mail robberies that it was a good thing to weed ex-convicts out of the big postoffice. As a result, Commissioner Enright is now asking proof of character before permits are issued. This is all right, but people are asking, as they did in the postal matter, why it wasn't done before.

FINDING THE "ROBBER COWS"

Animals Which Do Not Pay Their Way Out Down Profits on the Farm.

The margin of profit in the feeding of dairy cattle is now so small, say the dairy experts at the Experiment Station at Geneva, that many cows that produced a profit last year do not now pay for their feed and the labor of caring for them. The detection of these "robber cows" and their elimination from the herd may mean the difference between profit and loss to the dairyman. For several years records have been kept of the production of each cow in the experiment station herd. These records show that some cows produce more milk than others without eating proportionately increased amount of food. Such animals are highly profitable but their good qualities may be offset by the low production and high cost of feeding others cows in the herd.

What Station Records Show.

Records for 1921 for the pure-bred Jerseys at the Station illustrate this difference between cows. Mills of Geneva, a 12-year-old Jersey cow, gave 531.1 pounds of butter fat, and Carey Queen, a 7-year-old Jersey cow, gave 255.6 pounds of butter fat for the year. The average for the entire herd was 337.1 pounds of butter fat. The feed consumed by these two animals during the year was the same, but Mills of Geneva was in poorer condition, indicating that she should have received a little more feed. However, she produced twice as much butter fat on the same feed as did Carey Queen, and the greater economy of her production is self-evident. "Pure-bred dairy cattle have been selected and bred for generations for milk production, and they give uniformly higher yields than any other cattle," say the Station experts. "However, it is necessary even with pure breeds to weigh and test the milk of each cow if all 'robber cows' are to be discovered and eliminated from the herd."

COMMENTS OF THE PRESS

When Critics Run Amuck.
Scholarly books have been disparaged because they were not exciting; fine novels have been sneered at because they were hard to read; cheap stories have been proclaimed great because they were a pretence of seriousness; sentimentality has been welcomed because it was warm hearted; indecency has been condemned for immorality; immorality has slipped through as romance; daring has been mistaken for novelty; painstaking dulness for careful art; self-revelation for world knowledge; pretty trifling for literature; violence for strength; and warped and unhealthy egotism for the wise sincerity which is the soul of literature. — [North American Review.]As to Gougiers.
Now it is charged that American summer resort proprietors are responsible for the reports that Americans who go abroad are being gouged. If that is the case the truth will be found out. But when it comes to gouging, a good many domestic proprietors can mend their ways with profit to themselves. — [Wilkes-Barre Record.]Captain Cuttle Wins the Derby.
The greatest of English sporting events, the historic Derby, drew several hundred thousand persons to Epsom Downs on Wednesday. It was not, if we may judge by the accounts, a particularly exciting race. The favorite, St. Louis, did not win, but just managed to make fourth. Lord Alington's three-year-old, Captain Cuttle—should it not have been Cap'n Cuttle?—ran in close to record time and distanced his nearest competitor, Viscount Astor's Tumar, by four lengths. It was the fourth Derby victory for Steve Donoghue, the popular jockey who rides Captain Cuttle. — [Philadelphia Inquirer.]No "Fifty-Fifty" Alliance.
Every true American ought to take to heart the words of the real statesman of America from Washington to Roosevelt. In his book, "The Foes of Our Own Household," President Roosevelt wrote: We can have no "fifty-fifty" alliance in this country. Either a man is an American and nothing else, or he is not an American at all. We are asking by his words to respect to most of the nations of Europe; but we are a new and distinct nation, and we are bound always to give our whole-hearted and undivided loyalty to our own flag. — [McClure's Magazine.]Contrasted Ideas.
When the Democrats were in control of the senate they cried for closure, and now they condemn it when in opposition. When the Republicans were in opposition they condemned closure, and now that they are in control they cry for it. It's slow going for closure. — [Springfield Republican.]More Important.
Prevention of profiteering in coal during the strike is good as far as it goes, but resumption of production is more important. — [Albany Journal.]Martyrs.
Centuries ago a martyr was a man who went to the stake for his belief. Now he's a man who has to work on Monday when Tuesday is a holiday. — [New York Herald.]CrUEL and Inhuman.
Why not sentence makers of moonshine to drink some of their own product, or would that come under the ban of being a cruel and inhuman punishment? — [Watertown Times.]Tariff Experts.
Thomas A. Edison says that the less he knows about a subject the better qualified he is to tackle it. On that theory, it is easy to understand why congress is so full of tariff experts. — [Cleveland Plain Dealer.]

The Price of Bread.

An attempt is being made to indict makers for cutting the price of bread to five cents a loaf. If that doesn't stick they will probably be charged with insanity. — [New York Tribune.]

Women as Voters.
"Do you think votes for women have made a difference in politics?" "Yes," replied Senator Sorghum. "The politics isn't so very different but it seems to me there is rather more of it." — [Washington Star.]Feminine Logic.
"I was told," he said, "in my early youth, that if I didn't quit smoking cigarettes I'd be feeble-minded when I grew up."
"Well," answered she, "why didn't you quit?" — [Farm Life.]Flesh and Spirits.
"I understand you became intoxicated at the banquet."
"No, I didn't. The flesh was willing, but the spirits were weak." — [New York Sun.]

THE WANDERING MINSTRELS

TWENTY AND THIRTY YEARS AGO

Days of Old Recalled by Items Clipped from The Star Files.

June 6, 1892.
The recent spell of wet weather has damaged the hop crop to a considerable extent.

Dr. M. S. Brown, who opened an office in the Union block a short time since, on Saturday moved to Walton, there to open an office.

D. A. Boardman has leased the store in the Windsor block next to Morris brothers and will soon open with everything in the line of horse goods.

Major C. P. Root of Gilbertsville, president of the Otsego County Farmers and Dairyman's association, will act as general superintendent of the Central New York fair.

June 6, 1902.
Frank E. Gannett of the Ithaca Daily News was in town yesterday.

The Y. M. C. A. will celebrate its 25th anniversary on Saturday, Sunday and Monday next.

Oneonta was deeply shocked yesterday by news of the sudden death of Dr. B. A. Church at his home at 29 Walnut street.

The primary and intermediate departments at the Normal school gave a reception in the school gymnasium last evening. The reception committee consisted of George Scatford, Katharine Shiland, Lorena Babbitt and Harry Stranahan.

Standard Bearers Elected.

At a meeting of the Standard Bearer society of the First Methodist Episcopal church, held with Miss Marion Wilder, 55 Elm street, officers for the ensuing term were elected as follows:

President—Marion Wilder.
Vice-Pres.—Helen Worthington.
Secretary—Virginia Rand.
Treasurer—Blanche Southworth.
Pianist—Dorothy McElmornis.

Sixteen were present and enjoyed the demonstration, "Love's Crucible," given by members of the society; and the mite boxes were opened and the sum received will be sent to further the work in the Domestic Science schools of Japan. Delicious refreshments were served by Miss Wilder, the hostess of the evening.

Poem in New York Magazine.

The many friends of Mrs. Fred Hoffman will be pleased to learn that she has recently had a six-stanza poem entitled "Ode to Spring" accepted for publication in "The New Pen," a New York writers' magazine.

AT THE MEMORIAL LIBRARY.

Large Increase of Borrowers Over May of Previous Year.

Although there is less general reading done in the late spring months and during the summer than in fall and winter, the recent months have shown an increase in circulation of books over the corresponding months of last year.

During May the total circulation was 6,477, as against 5,737 in May, 1921. Of this total, a little over 3,000 was fiction; over 2,000 juveniles, over 700 non-fiction and nearly 200 magazines.

Forty-six borrowers were added during the month, 11 of them children.

A new lot of interesting books are just received and will be ready for loaning by Tuesday evening. It would be hard to find a pleasanter place for reading at this season than the second floor reading room. It commands a wonderful view of the park and the more distant hills.

Gas Around the Heart
Nature's Danger Signal

Those gas pains that come on in the pit of the stomach and around the heart an hour or two after eating are Nature's Danger Signal. They indicate that something is wrong with the stomach and bowels. If not corrected at once, this condition may have a serious ending.

The gas is caused by fermentation of food due to imperfect or delayed digestion. This may be caused by hyperacidity, an excess of hydrochloric acid in the stomach, or some other disturbed condition which prevents the digestive juices from acting properly.

The food sours, or ferments in the stomach. Gas forms in large volume. It presses around the heart and lungs. Severe pains are felt. The action of these vital organs is affected, and heart disease or lung trouble may result unless the stomach is toned up and the gas pressure relieved.

Do not take chances. If you have gas, sour or acid stomach, biliousness, heartburn, indigestion, dyspepsia, flatulence, water-brash or constipation seek immediate relief. Such relief as can be given by Jaques' Little Wonder Capsules.

To Get Quick Relief Take
Jaques' Little Wonder Capsules
for Indigestion, Dyspepsia, Constipation

Jaques' Little Wonder Capsules provide the quickest and easiest form for relieving indigestion and dyspepsia.

Authorities state that the capsule forms a valuable protective carrier for medicines and is far superior to pills or tablets which often become so hard that they cannot be readily assimilated in the stomach.

Quite often they do not dissolve at all, but pass solidly through the stomach and the bowels. Many times, therefore, pills and tablets are of little or no benefit to sufferers.

The pure gelatin which forms Jaques' Little Wonder Capsules dissolves within one or two minutes after it enters the stomach. This at once releases the medicines to do their effective work. There is no fuss or bother. You simply take one or two Capsules and two or three swallows of water.

A single capsule usually gives beneficial results. It goes directly to the spot. If taken directly after eating one capsule will often prevent an attack of indigestion. If taken regularly after each meal for a period of six to ten days such great relief is given that even the most confirmed dyspeptics are thoroughly convinced of their value.

Jaques' Little Wonder Capsules are sold under a strict guarantee to refund the money to anyone who is not satisfied after giving them a trial.

MINISTER URGES
DYSPEPTICS TO TRY
THESE CAPSULES

Jamestown, N. Y.

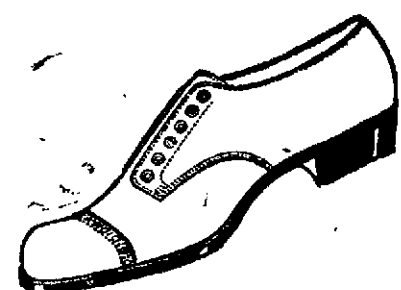

"I would advise and urge that any person suffering from the many sorts of indigestion proceed at once to give Jaques' Little Wonder Capsules a fair, thorough trial. I have had much personal and painful experience with what has come to be Chronic Gastric Indigestion. Very naturally have tried many different remedies. Am now using the above named remedy with very pleasing results."

LOCAL MENTION.

—Miss Gertrude Killen commenced yesterday the duties of stenographer at the Chamber of Commerce offices succeeding Mrs. Gertrude Sandell, who had resigned.

—According to the records in the city clerk's office there were 18 births and 18 deaths during the month of May. Eight marriage licenses were issued and 21 hunting, and one non-resident fishing license were taken out.

—The Oneonta Giants have no game scheduled for today. Tomorrow they will oppose Unadilla at that village and many local fans are already making preparations to see the game, which should be hotly contested.

—An infantile paralysis clinic will be held at the Nurses' home at Fox Memorial hospital today from 9 a. m. to 5 p. m. Dr. Hubbard, specialist in the disease, will be in charge, assisted by Miss Kenny, state nurse and Miss Knopf, local Red Cross nurse.

—No definite action was taken yesterday in the matter of approving the plans for the Schine theatre in the Oneonta hotel building and the matter will doubtless come up for consideration at the meeting of the Common Council this evening.

—So far as can be learned no one in the city observed the three "pathfinders" airplanes pass over the city yesterday on their way from Mineola to Albany via Binghamton. It is probable that the planes took a course from Binghamton not leading over Oneonta.

Farrell Sprains Ankle.

Because of a sprained ankle sustained in a game in which he played on Memorial day, "Eddie" Farrell, star infielder on last year's Oneonta team and whom major league scouts are watching because of his brilliant work around Philadelphia last year, will not be able to report for duty here for several days yet, according to a letter received by Dr. F. H. Marx from Farrell yesterday. Oneonta fans will be glad to know that the sprain is not a serious one and that the player is nearly remedied now. Physicians, however, advised Farrell to keep off the foot for several days yet.

CONDITION STILL CRITICAL

Mrs. Leon Bowman of Masonville injured in the Motor Car Accident Near Morris Manor Slightly Improved.

It was reported at the Norwich hospital at 1 o'clock this morning that Mrs. Leon Bowman of Masonville, the woman critically injured in the motor car accident near Morris Manor in the Butternut valley on Sunday, remained in a grave condition with the chances against her recovery, though it was believed that her condition had improved slightly since her arrival there Sunday afternoon. Her injuries are internal and their extent will not be known for several days.

The report that her husband had taken to the hospital to be treated for injuries was incorrect. He sustained some scalp wounds but they were dressed by Drs. Hall and Allen at Gilbertville after the accident and his condition was not such as to require hospital care.

No new features of the accident were disclosed yesterday. One feature of the accident has caused some discussion and while it is not probable that any further investigation as to the exact cause of the accident and the death of four persons the question has been raised as to the height of the guard wall at the sides of the bridge and whether or not they are sufficiently high to protect the public properly.

It is reliably stated that when the macadam road was constructed that the ponded was raised leaving it considerably higher than formerly. It the guard wall is low and the motor car rather than striking it head on ran against it lengthwise and toppled over it there may be some question of responsibility.

The accident caused many motorists to insist that the time has arrived when every driver of a motor car should be required to undergo an examination and be certified as competent before being allowed to drive cars upon the public highways. An inexperienced driver is quite as great a menace to others on the highway as a drunken driver and the state should not longer delay in requiring an examination for all who are licensed to drive.

ELKS' RESTAURANT TO OPEN

Commencing Wednesday Regular Meals and a La Carte Service May Be Had at New Elks' Home by Elks and Their Guests.—P. Petersen in Charge.

The restaurant at the new Elks' home will be opened on Wednesday with P. Petersen in charge and regular meals will be served and a la carte service rendered thereafter. Mr. Petersen promises excellent food and service at reasonable prices and those familiar with his work are confident that he will make good.

A business man's luncheon at 50 cents will be served each day, except Sunday from 11:30 until 2 p. m. Dinner will be served from 5:30 until 8 p. m. at 85 cents. On Sunday dinner will be served at 85 cents from 12:30 to 3 p. m. A la carte service may be had each day from 11:30 to midnight with steaks, chops, sea food in season and other delicacies on the bill of fare.

The restaurant will be open to all Elks, whether members of Oneonta lodge or not, and to other persons when accompanied by Elks. It is thought that the restaurant will receive liberal patronage and that it will prove a popular feature of the Elks' home.

NON-PARTISAN ORGANIZATION

Representatives of Labor Organizations Meet in Interests of Political Body With Better Government its Purpose.

Plans for the formation of a non-partisan political organization that will have as its sole object the furtherance of better government were discussed at a meeting of representatives of all the labor organizations in the city, including the women's auxiliaries, held in B. of R. T. hall last evening. Various committees were appointed and the matter considered in detail. The local movement is part of a national movement of labor organizations.

According to those present at the meeting last evening no endeavor will be made to form a separate political party. Instead the organization will work within the regular parties, investigating the qualifications and records of candidates and holders of public office. It was stated that the object was not to work in the interests of the laboring men alone but to strive for better and cleaner government for all classes.

RIVER STREET GREENHOUSES

Undergo Complete Change and Entirely Restocked.—Palm House Novelties.

The River Street greenhouses are undergoing a complete change and are being entirely restocked. The palm house will be a novelty to the people of Oneonta, for there will be found at all times a complete selection of palms and ferns.

The Hardy garden will carry a full line of annuals and perennials. In the nursery will be found the best roses, shrubs, evergreen trees and vines that are hardy in Otsego county; and lastly the reputation of Mr. DeVeyer as a floral artist and designer is too well known to the people of Oneonta to require any introduction. His artistic touch has been seen on a majority of occasions where flowers have been used for the past three years. The doors are now open and you are invited to stop when passing, or better still drive down and see for yourself. advt 2t

SPECIAL RADIO FEATURES

Will Be Included in Program of State Electrical Contractors and Dealers Convention Here Next Week.—Many Visitors Expected—Attractive Program Arranged for Convention of State Electrical Contractors and Dealers.

Oneonta will entertain the fifth annual convention of the Electrical Contractors and Dealers' association of New York state next Monday and Tuesday and several hundred members of the organization and their wives are expected to come here from all points in the state to enjoy the two-day session arranged.

In addition to an excellent program for the business sessions with addresses by four men prominent in the electrical industry, a number of entertainment features have been planned by the local electrical dealers and the Otsego County Association of Dealers. The baseball game between the Oneonta Giants and the Brooklyn Colored Giants, an automobile trip and luncheon at the Country Club for the ladies of the convention, and a dinner dance at the Elks' club are the chief features arranged for Monday. The convention will close Tuesday noon and the electrical men will motor to Cooperstown for a shore dinner at Three Mile Point and a field day program along Otsego lake.

A large radio receiving set will be erected in Municipal hall, where the business sessions will be held, by the Western Electric company with a special representative in charge, through the efforts of George F. Shelley of Cooperstown, and an address by radio from Newark, to be delivered there by Will Goodwin of the Society of Electrical Development, will be one of the attractive numbers of the convention program.

J. A. Lane, director of "Electrify America," Laurence W. Davis of the national association, Kenneth A. McIntyre of the Society for Electrical Development, and Frank E. Watts, editor of Electrical Record, will be the leading speakers during the convention.

Mayor C. C. Miller is a member of the executive committee of the state association and it was largely through his efforts, in extending the invitation of Oneonta Chamber of Commerce at the association's mid-winter meeting in New York, that the convention was brought to this city. J. B. Johnson, secretary of the local association, has charge of reservations for the visiting delegates, and the other electrical dealers of the city and county, and the Chamber of Commerce, are co-operating in making arrangements for the convention.

A few automobiles will be needed to care for the hospitable entertainment of the visitors, and citizens who will make their cars available for the local committee on Monday or Tuesday, or both days, are requested to notify Mr. St. John, Mayor Miller, upon his return Thursday from the Mayors' conference at Poughkeepsie, or Secretary Hicks at the Chamber of Commerce offices.

Most of the visiting electrical dealers are expected to motor to Oneonta, where they will be met by the local committee of the convention mailed to association members by Frank M. Farley of New York, state secretary, was a description of Oneonta and what it offered for the convention, which included a tabulation of automobile routes to Oneonta from all points in the state, as compiled by the Chamber of Commerce.

DODGE SEDANS ON DISPLAY

Some Notable Improvements in New Model Now Being Shown.—B. A. Traver Well Pleased with Car and Season's Outlook.

B. A. Traver of the local Dodge agency has received his first shipment of new model Dodge sedans and they will all have been delivered at an early date as they are for orders previously booked, in fact nine more are awaiting early arrival of a car of this type.

Some of the betterments noticeable in the new model are longer springs at the rear, a new rear axle which makes the car ride much easier and making it one of the easiest riding cars on the market. The new model has a radiator and hood, a longer hood, white disk wheels and 32-4 cord tires are now standard equipment.

Noticeable also is the increased power of the engine which gives it increased hill-climbing ability and makes it more flexible on the level road.

The coupe is placed on the same chassis and is run distinctly off the coach type than formerly. It is upholstered in genuine leather and has solid metal body while the hood and radiator features are the same as of the sedan type.

The new touring car is expected next week and it is expected that the roadster will be on display about June 15th. The sedan sells for \$1550 delivered in Oneonta, the coupe for \$1075, the touring car for \$925 and the roadster for \$935. Mr. Traver is delighted with the betterments and is ready to take all the company can send him. In fact it is the question to get enough shipments to hold the orders that come in from day to day.

To move quick we are offering 8-room house, slate roof, large lot, hen-house. All improvements in house, \$2,500. This is an exceptionally good buy.

One of the finest places on Grove street, large house, oak floors, all improvements, too large for present owner. Just the place to take high class roomers. \$7,200. Hay & Howland, 234 Main street. advt 2t

The opening was a big surprise at Sherman lake Saturday evening, a big crowd attending despite the rain. Next Saturday there will be Deane Brothers orchestra and a vaudeville show with Sue Madison and many others. The square dances seem to be popular. Don't forget Saturday evening. advt 2t

CITY BEAUTIFICATION

Mr. G. Merritt, Landscape Architect, Will Talk Intimately of Conditions in Oneonta at Elks Club this Evening—Large Attendance Expected.

"City Beautification" will draw a large number of members of the Chamber of Commerce and Woman's club to the forum dinner meeting at 6:30 o'clock this evening at the Elks' club, to hear the address on that subject by Mortimer G. Merritt, according to the number of reservations received at the chamber offices, which yesterday afternoon had already exceeded the number of those present at the last forum meeting.

Reservations will be received until noon today by telephone, \$25, at the Chamber of Commerce offices, and all members of the two organizations, or any other citizens desirous of attending, are urged to make their reservations this forenoon. Steward Petersen is planning an appetizing menu at one dollar a plate, but it is necessary that he be informed of the number to prepare for by noon.

Mr. Merritt, who is a landscape architect of Rome, is expected to give an address of specific benefit to citizens of Oneonta as a result of the careful tour of the city he made last Friday. His talk will touch upon the care of individual residences as well as various civic improvements which should be made for the enhancement of the attractive appearance of Oneonta.

BUILDING CONTRACT AWARDED

Work Commences Tomorrow Upon Brick Building on Newhwa Place For Oneonta Storage Battery Company.

Award has been made of the contract for the erection of the new building of the Oneonta Storage Battery company recently incorporated to manufacture an improved storage battery using Holsba electrolyte to be located on Newhwa place just off Main street to Fred DeAngelo and brother. It is expected that work will be commenced on Wednesday and that the building will be ready for occupancy September 1.

The building is to be of brick and to have 24,000 square feet of floor space and to be two stories with accommodation for the company's offices as well as the factory of the company.

The company is having an encouraging sale of its stock and the officers and directors of the company are much encouraged by the prospects of a large business as soon as the company is able to commence quantity production.

Board of Public Works.

At the meeting of the board of public works, held last evening, requests were presented for a sidewalk on the east side of Rose avenue from Hudson street to Frederick, and on the easterly side of West End avenue beyond Moffatt street. No action in either case was taken.

A petition for the oiling of Church street was presented and on motion the street was ordered oiled.

George B. Baird asked permission to rope off a portion of the sidewalk in front of the Baird block on Main street where certain repairs are being made. Permission was granted under the usual conditions.

Commencing June 6, Ingerham's barber shop, Y. M. C. A. building, will close at 6 o'clock, except Saturday night at 9. advt 2t

Shaw of Wells Bridge, Civil War veteran, passed away peacefully at his late home at nine o'clock Monday morning, after a three weeks' illness of pneumonia, followed by a complication of diseases. He was born in the town of Butternuts June 12, 1837; and was the son of William D. Shaw and Lydia E. Baker. He was married August 19, 1860, to Sarah E. Bishop, who survives him, also two daughters, one son, thirteen grandchildren and five great grandchildren. Mrs. Leroy Connelly and Mrs. Watson Chapman of Wells Bridge and Charles W. Shaw of Oneonta. The funeral services will be held Thursday afternoon at one o'clock with a short prayer at the late home, followed by a service at the Methodist church at Sand Hill at one-thirty p. m.

DAVENPORT LAD PASSES AWAY.

Leslie D. Wade, Jr., Dies from Valvular Heart Trouble.

Davenport, June 5.—Leslie D. Wade, Jr., 11-year-old son of Mr. and Mrs. L. D. Wade of this village passed peacefully away early this morning from valvular heart trouble. Funeral services will be held Wednesday at 2 p. m. at the family home, Rev. R. R. Irwin of the United Presbyterian church officiating. Interment will be in the village cemetery.

Leslie had been afflicted with rheumatism for about a year which kept him from school and from strenuous play with his chums, by whom he was affectionately known as "Caplie." Despite his affliction he was cheerful and retained his hold in the hearts of his playmates, who showed him every consideration during his illness. While attending school he had always stood in the front rank of his classes and was popular with teachers and students alike. He was a member of the United Presbyterian Sunday school and a regular attendant so long as able. Leslie will be greatly missed in the village and the profound sympathy of all will be extended to the heartbroken parents and little sister, Anna.

Takes Brother Into Partnership.

Edward Smaldone has associated with him his brother, Albert J. Smaldone, in the conduct of the Manhattan restaurant at 112 Main street, and hereafter that popular eating place will be conducted jointly by the brothers. The Manhattan is enjoying a liberal and well deserved patronage and should prosper even more under the new management.

LIBEL ACTION SETTLED

NEW YORK TIMES PUBLISHES RETRACTION AND PAYS MONEY DAMAGES.

Suit Instituted by Attorneys Sheldon H. Close and John G. Johnson Against Times for Criticism of Management of Defence of George Brazier Discontinued—Plaintiffs and Their Attorney, Lincoln L. Kellogg, Being Congratulated.

Settlement has been made of the libel action brought against the New York Times by Attorneys Sheldon H. Close and John G. Johnson of this city for the publication of a story relative to the movement made for execution of the man in which state-ments were made which reflected upon the manner in which these attorneys had conducted the defence of George Brazier, the Elk Creek murderer, who was electrocuted for the crime. Star readers are familiar with the facts connected with the murder and of the zeal and devotion with which they labored for Brazier. The evidence was convincing and neither the appellate courts nor Governor Miller would intervene to prevent his execution.

The publication objected to related to a last minute effort made by another attorney which was fruitless but which created the impression that the attorneys assigned had been negligent of his case.

Following its publication and a demand for a retraction an action was instituted through Attorney Lincoln L. Kellogg of this city to recover damages for the publication of the libelous statement. Various legal maneuvers were made by the attorneys for the Times without success and the case was set down for trial at the last term of the supreme court at Cooperstown. When it was called an announcement was made that negotiations were pending for a settlement and the case passed the settlement. By the terms of the settlement, which have just been consummated, the Times makes a substantial cash payment to each of the plaintiffs and also publishes an apology in which it will say that "Through a mistake in transcription, the statement was made and the Times desires to express its regret to the two attorneys, who were assigned by the court to defend Brazier for the erroneous statement."

Congratulations are being extended to Messrs. Close and Johnson upon the vindication accorded them and the repudiation of the statement made by the Times, which was more sought than any cash payments. The successful outcome is also exceedingly gratifying to Attorney Kellogg, who, though one of the youngest practitioners in the city, has won a signal victory over one of the best known and most resourceful firms of attorneys in New York city, Cook, Nathan & Lehman, who had associated with them Hinman, Howard & Kattell of Binghamton. Mr. Kellogg fought the battle unaided save by the advice of his two clients, both of whom are attorneys.

To Attend Elks' Convention.

Fred Wendell, past exalted ruler, and John Slattery, left yesterday morning for Syracuse, where as delegates from Oneonta lodge, No. 1312, they will attend the sessions of the annual convention of the State Elks' association, which began on Sunday and will continue until Wednesday night. Several important matters, including extension of Americanization work, will be discussed at the meetings. At former state conventions Oneonta has been represented by a large delegation but because of the building of the new club house and the big fair no endeavor was made this year to send a large number of members to Syracuse.

Will Attend G. A. R. Encampment.

C. J. Westcott, Charles Peck, Richard Whipple and Leonard Ward, representing E. D. Farmer of the G. A. R., and Mrs. Charles Southworth and Sarah Wilcox of the Woman's Relief corps leave this morning for Utica to attend the 56th annual encampment of the Grand Army of the Republic and auxiliary organizations. The encampment convenes today, tomorrow and Thursday. Following the encampment Mr. Westcott will leave for Herkimer to attend the annual reunion of his regiment, the 121st New York, to be held there on Friday. He is secretary of the organization.

Twenty-fifth D. A. R. Anniversary.

The twenty-fifth anniversary of the organization of the Oneonta chapter, Daughters of the American Revolution, will be celebrated on Saturday, June 10th. All national members and members of other chapters residing in the city are invited to join the local chapter at a luncheon to be served at the Country club at 1 p. m. on that date. Those desiring to attend kindly communicate with the Regent, Miss Katherine H. Tobey, at once that reservations may be made for the luncheon.

No News on Franklin Robbery.

So far as could be ascertained last evening no additional light has been shed on the robbery of the town clerk's office at Franklin last Friday night. The state troopers, however, are still making investigation of the case. No evidence was adduced which would justify the holding of Perry Court for alleged complicity in the crime. He was however arraigned for carrying concealed weapons, fined \$15, and discharged.

SUSTAINS BROKEN LEG

Abijah Brown, D. & H. Trainman, Falls From Trains at Central Bridge, Narrowly Missing Going Under Wheels.

Abijah Brown of 22 Valleyview street, a D. & H. trainman, sustained a fracture of the right leg at Central Bridge early yesterday morning when he slipped while passing over the top of his train and fell to the ground. Although he slipped while jumping from one car to another Brown fell to the side of the train and not between the cars and thus escaped more serious injury. If not death, as the train was moving at the time.

The accident occurred at the Central Bridge station and the injured man was taken into the building and Dr. Bentley of Central Bridge was summoned and he reduced the fracture. Brown was brought to Oneonta on the passenger train arriving here at 10:35 and was taken to the Fox Memorial hospital and later to his home where he was reported as resting comfortably last evening.

The train was an extra north bound freight in charge of Conductor A. D. Cuck of this city. Brown was engaged in putting down the retainers after the train has descended the long hill and was stepping from the top of one car to another when in some manner he slipped and fell.

Surprise Party for Two.

Members of Young Women's Missionary society and the Parley Philanthropy Class of the First Baptist church to the number of thirty gave a surprise party at the home of Albert Hutson, 57 Spruce street, last Friday evening for Miss Mildred Peck, instructor in Latin at the Oneonta High school who will next year teach in the schools of Passaic, N. J., and for Mrs. Cecil Parker, who will soon move to Binghamton. The two principals were blissfully ignorant of the entertainment planned for them, and it was only after they had been lured to the Hutson home that the object of the evening's festivity was announced to them. Guests and entertainers alike enjoyed an evening replete with "honest-to-goodness" fun, as one of them afterward expressed it. Delicious refreshments were on hand through the agency of the instigators of the affair. During the course of the evening Miss Peck and Mrs. Parker were each presented with a silver cheese knife in token of the friendship and esteem in which they are held by their fellow workers.

FRISCO TO WELCOME SHRINERS GALORE

Every State in Union Sending Delegates to Convention Which Opens June 13

San Francisco, June 4.—Three hundred thousand shriners and friends are expected in San Francisco for the convention of the Shrine, June 13-16. Ninety-odd temples will send uniformed patrols with their organizations, and many of them will have bands and banners in the parades. They will come from every state in the union, from Canada, from the Hawaiian Islands and from Mexico.

Medinah Temple of Chicago, which has a membership of 23,000, will send its delegation in five or more trains. Other temples will send organizations on the five or six steamers coming through the Panama canal from eastern ports. Thousands of automobiles will cross the hot sands of the desert, bringing individual shriners along the trails of the Argonauts, many of them to camp near Fort Mason in San Francisco.

One million board feet of lumber being erected into grandstands in the Civic Center, and along Market street and Van Ness avenue for accommodation of 40,000 spectators of three gorgeous pageants. Ishan Temple, host of the visiting nobles and citizens of San Francisco, have raised \$100,000 to do them honor. The city is to be beautifully decorated.

Ten thousand uniformed shriners with 75 bands and drum corps will escort Imperial Potentate Ernest A. Cutts of Alsea Temple, Savannah, Ga., June 13, to the Civic auditorium, where the Imperial Council will formally receive shriners and their friends. Later, the council will hold executive session at Scottish Rite hall, and in the evening the Imperial Potentate will visit the several halls where balls will be held in his honor.

The following day, Wednesday, the cornerstone for a hospital for crippled children of any race or creed will be laid by the Imperial Potentate.

Wednesday and Thursday there will be night parades, Thursday's pageant to tell by means of electrically illuminated floats and 10,000 uniformed marchers the story of civilization. Airplane exhibitions, automobile races and yachting races will be provided for the visitors' entertainment, and they are expected to participate in trapshooting, golfing and other sports.

Imperial council officers probably will be elected June 16. It is believed the only contest will be for imperial outer guard, lowest rank of the imperial council. Imperial Deputy Potentate James S. McCandless of Aloha temple, Honolulu, according to traditional practice, will become imperial potentate, and other officers will move up in their stations.

The convention over, Imperial Potentate McCandless will be escorted to the temple, Aloha, at Honolulu, the accompanying shriners crossing the seas on their chartered steamer, Aloha temple will welcome visiting nobles and friends to the Hawaiian Islands, and do them honor.

Ladies' Aid Meets.

The Ladies' Aid society of the First Baptist church met at 2:30 yesterday afternoon in the church parlors. Notwithstanding the unpleasant weather, the temple, Aloha, a group of women was served under direction of Mrs. Dieffendorf assisted by Mrs. Van Derhulst, Miss Knapp and Miss Whitney. Later the regular business meeting was held under Mrs. Katherine Blend, president, at which plans were discussed for the picnic supper to be held in the church dining room, Thursday evening, June 8. It is expected that a large number will be present, each bringing sandwiches and a covered dish.

INCORPORATIONS ON THE INCREASE

Taken as Indication of New Confidence in Future of New York State Business

Albany, June 5.—A sharp upturn in number of incorporations in New York state, taken by the secretary of state's department as an indication of a new confidence in the future of business, resulted in 1,683 companies, with a capitalization of \$60,379,120, taking out charters in May. In the first five months of this year there have been 252 more incorporations than in the similar period in 1921. Of the companies embarking in business last month, 254, with a capitalization of \$14,776,030, are distributed over 43 counties outside of Greater New York. Radio supply companies continue to occupy a prominent place in the ranks of the new ventures.

D. C. DE GROAT PLEADS GUILTY

Counsel Pleads for Leniency — Sentence Will Be Given This Morning by Judge Welch — Other Criminal Cases.

Cooperstown, June 5.—The June term of county court began this morning at the court house in this village. Judge U. G. Welch of Edineston, presiding. There are, it is understood, four criminal cases to be tried, and probably two civil, and it is believed that adjournment will not be reached before Thursday.

On the opening of the court, D. C. DeGroat, formerly of Oneonta, was arraigned and changed his plea of not-guilty to guilty of grand larceny, first degree. C. G. Tennant, esq., appeared as counsel for the defendant and offered a forcible plea for leniency, urging that this was the first offense of DeGroat, that he had made full restitution, that he was leading an exemplary life and was making good. District Attorney Florsom urged, in case a suspended sentence was given, that the sentence should be of so severe a nature and with such requirements relative to frequent reports as will impress upon the defendant the serious nature of his offense. Sentence will be imposed by Judge Welch this morning.

Christopher Jones of Cooperstown, who had been bound over to keep the peace, appeared in court and asked to have bondsman discharged. The court continued the bond until the next term of court, which is in December, when a similar application may be made.

The jury in the case of John O'Dell of Maryland, indicted for selling intoxicating liquors, was drawn and adjournment was taken until tomorrow morning, when evidence will be taken. Hon. Geo. L. Boakes and Hon. James J. Byard appeared for the defendant, the district attorney for the people. This case will probably be followed by that of Alfred Smith of Oneonta, indicted for similar offense.

The case of the people against Anthony Molinari, indicted for violation of the liquor tax law, will also be moved for trial at this term. This is a separate offense from that on which he was convicted at the March term of court, and on which he is now on bail pending the determination of an appeal.

GRANGE BID LYNCHS GODSPEED

Farwell Meeting Held Last Evening For Mr. and Mrs. Wilbur H. Lynch Soon to Leave City — Much Regret Expressed.

That the Oneonta grange regrets deeply that Mr. and Mrs. Wilbur H. Lynch are to leave the city and association with the grange, was the keynote of the meeting held last evening in Odd Fellows' hall as a farewell to Mr. and Mrs. Lynch. Both have been active in the work of the grange and their loss will be a heavy one for the organization.

After the business session a much enjoyed program was rendered. Mrs. Jerome Taylor gave a recitation, Miss Jennie Taylor a reading, Mrs. Henry Kroon and Mrs. Clark Frisbee sang a duet, and there were several selections by the Brown quartet, composed of Ruth and three sons, all residing near the upper reservoir. Following the program J. W. Orr spoke for the grange, expressing his sentiment concerning the departure of Mr. and Mrs. Lynch. A beautiful bouquet of chrysanthemums was then presented to Mrs. Lynch and a box of cigars to Mr. Lynch, both responding feelingly. Mr. Lynch stated that he had joined the grange because of his love for the out of doors and his sympathy with the farmers, and that some of the happiest hours of his life had been spent in work for the grange. Both he and Mrs. Lynch expressed sincere regret at leaving the organization.

Mr. Lynch joined Oneonta grange in 1918 and had been prominent in its activities ever since. He was master during 1919 and 1920 and has received assignments on many important committees, especially those connected with educational work. He has represented the grange as a delegate at many meetings and has lectured before many local units, his talk on Mexico being especially in demand. Mrs. Lynch has also been active, especially in arranging meetings, programs and in work in which the women and girls of the organization were interested.

Elmira, June 5. — With the vanguard of delegations already arriving this city is prepared to entertain the annual state convention of the Local Order of Moose, 2,500 visitors being provided for during the last three days of the week. The principal speakers are to be Secretary of Labor James J. Davis, and Mayors George R. Lunn of Schenectady and Frank X. Schwab of Buffalo.

Told to Vamoose.

Samuel Smith, 17, of Philadelphia, was told to leave the city as fast as he came in if he wished to escape a jail sentence, when arraigned before Judge Huntington in city court yesterday morning on a charge of illegal train riding. The man was taken off a D. & H. passenger train Sunday when found riding blind baggage.

Wilbur National Buys County Bonds.

From the sale of Osego county bonds, the Wilbur National bank has acquired \$100,000, securing the security to be gilt edged and the ownership of such bonds a matter of local pride.

Gives Beating to Wife Who Wouldn't "Doll Up"

Ralph Magarino, twenty-five years old, a motorman of Brooklyn, N. Y., is different from most husbands, for he not only does not object to his wife using cosmetics, but he insists she do so. Because Helen, his spouse, refused to use rouge and powder, Magarino, according to the charge, beat her. When Magistrate Lloft heard of the unusual cause for Magarino's alleged beating of his wife, he ordered the motorman placed on probation, pending a further investigation.
